## **Policy 2.1.9 Family Heir Subdivision Eligibility Criteria:**

**In order to qualify for the Policy 2.1.9 Family Heir Subdivision, the following conditions must be met:**

1. The parcel to be divided has existed in its present configuration since February 1, 1990, or the parcel was created subsequent to February 1, 1990, through subdivision pursuant to the Family Heir provision of Policy 2.1.9 of the Comprehensive Plan.
2. The parcel must be located outside of the Urban Services Area.
3. The minimum lot size that can be created in a Policy 2.1.9 subdivision is one-half buildable acre. If the parcel to be subdivided is located in an unrecorded subdivision, the resulting parcels shall be no smaller than the smallest existing lot, established in accordance with the Leon County Land Development Code, nor less than one-half acre in size. The parcel to be subdivided cannot be located in a platted, recorded subdivision.
4. The number of lots shall be equal to or less than the number of eligible heirs plus the original homestead family member. Each parcel created shall be used solely as a homestead by an individual who is the grandparent, parent, stepparent, adopted parent, sibling, child, stepchild, adopted child or grandchild of the person who conveyed the parcel.
5. The application for subdivision pursuant to subsection 10-7.202.2, shall include covenants and restrictions to be executed by the applicant and the chair of the development review committee, on the behalf of Leon County, which shall be recorded in the clerk of the court's records, restricting transfer and regulating the development of the property to comply with the limitations of subsection 10-7.202.9. The covenants and restrictions shall be enforceable by Leon County. The covenants and restrictions may be amended, by the Board of County Commissioners, as necessary, to otherwise provide for the transfer or permitting in the case of the death or institutionalization of the originally intended heir.

### **Factors that may elevate the review level of the proposed Policy 2.1.9 Subdivision:**

- a) In those instances where subdivision pursuant to this section would result in the requirement of a new access connection to a designated canopy road, or the removal of any protected tree or vegetation within the Canopy Road Protection Zone is required, the application shall be subject to the review and approval requirements of the Type "B" site and development plan application process, including mandatory pre-application and technical staff meetings, at the expense of the applicant.
- b) Should site coverage by conservation or preservation areas, as defined by the Comprehensive Plan, comprise more than 40% of the total site, then the application shall require a Type "B" subdivision review. Sites of three acres or larger wherein all buildings, attendant parking facilities, streets, and access facilities will be located outside of conservation or preservation areas shall be exempt from this requirement. Please see the Development Services Division for information regarding the Type "B" review process.

*Note: A completed and approved environmental management permit may be required prior to approval of a Policy 2.1.9 Subdivision application.*

## Policy 2.1.9 Family Heir Subdivision Process Steps

### **Step 1. Submittal of a Permitted Use Verification (PUV) application. (See Attachment “A”)**

The applicant shall submit a Permitted Use Verification application to determine eligibility for subdivision pursuant to Policy 2.1.9 of the Comprehensive Plan. The PUV will also provide additional information regarding compliance with the applicable provisions of the Leon County Land Development Code (LDC) and the required review procedures for subdivision pursuant to Policy 2.1.9. A PUV application is included for your convenience.

### **Step 2. Preliminary Environmental Review – Natural Features Inventory (NFI). (See Attachment “B”)**

**This step must be completed prior to proceeding to Step 3. The following information must be submitted for the preliminary environmental and subdivision review:**

- A completed Florida Department of State, Division of Historical Resources, Minimum Review Documentation Requirements form (attached) must be submitted to the Division of Historical Resources during the preliminary environmental and subdivision review, and a copy of the document submitted with the following requirements;
- A completed Leon County Natural Features Inventory (NFI) 2.1.9 application must be submitted to the Leon County Environmental Compliance Division with the appropriate fee. The submittal must include a legal survey of the existing parcel and a sketch drawing showing the proposed lots and legal ingress/egress/utility easement (minimum 40’ wide) onto a County maintained road;
- A completed Leon County Affidavit of Ownership & Designation of Agent form acknowledging ownership and agent authorization;
- During the 2.1.9. NFI review, County staff will determine the location of on-site preservation areas (including floodplains, wetlands, etc.). Based on the findings, staff will determine whether additional environmental permitting will be required. An NFI approval letter will be provided to the applicant summarizing staff findings and will include a map showing the location of preservation areas. If preservation areas are identified on more than 40% of the site, staff will stop processing the 2.1.9. NFI application and notify the applicant and Development Services Division that a standard NFI is required.

*Please be advised that the Northwest Florida Water Management District (NFWFMD) and Florida Department of Environmental Protection (FDEP) also have environmental permitting programs that are not related to Leon County requirements. The applicant will also need to contact these agencies to determine whether any additional environmental review or permitting is required.*

### **Step 3. Submittal of the Policy 2.1.9. Subdivision application and associated environmental management permit. (See Attachment “C”)**

Once the items noted in Step 1 and Step 2 have been completed and approved, the applicant will be required to submit a completed Policy 2.1.9 subdivision application. The completed application shall include surveys showing the site’s natural features, preservation areas (if applicable), lot lines, and easements. The environmental management permit application (if required as indicated by the NFI) shall be submitted along with the Policy 2.1.9 subdivision application.

The Policy 2.1.9 subdivision application shall be subject to the review procedures of the Type “A” site and development plan review process; however, no technical staff meeting shall be required, but may be provided, at the request of the applicant, free of charge. *(If Item 6 and/or Item 7 of the Policy 2.1.9 eligibility criteria apply, then a Standard Natural Features Inventory and a Type “B” review shall be required, at the expense of the applicant.)*

**STEP 3. (continued):****A minimum of ten (10) sets of the following items are needed for final review and approval of the Policy 2.1.9 Subdivision application:**

1. Signed, sealed surveys drawn to scale by a licensed State of Florida registered surveyor showing the proposed subdivision and containing the following:
  - a. legal access to each lot (40' wide minimum labeled ingress/egress/utility easement if not on County maintained road);
  - b. lot numbers;
  - c. legal descriptions for each newly created lot and all required access easements;
  - d. the approved Natural Features Inventory (NFI) with all conditions or notes on final site plan;
  - e. conservation/preservation areas (if applicable) as approved in the preliminary environmental and subdivision review; and,
  - f. a copy of the issued Environmental Management Permit (if required) prior to 2.1.9 approval.
2. A completed Family Heir Policy 2.1.9 Subdivision application with the \$900 application fee.
3. Completed Family Heir Property Affidavit(s).
4. Sealed survey and legal description, by a licensed State of Florida registered surveyor, of the existing parcel.
5. Completed Leon County Affidavit of Ownership & Designation of Agent form (both pages) acknowledging ownership and agent authorization (attached).
6. Completed Concurrency Fee Worksheet with the concurrency fee included (attached).
7. Copy of the subject parcel's recorded warranty deed.
8. Documentation of legal access to the subject parcel. If parcel is not on a public road, provide a copy of the recorded legal ingress/egress easement with this application showing the recorded transfer of the easement to the owner of the property in this request. **Proposed legal access must be a minimum of 40-feet wide and labeled "ingress/egress/utility easement".**
9. The application for subdivision or additional dwelling unit pursuant to subsection 10-7.202.2, shall include covenants and restrictions to be executed by the applicant and the chair of the Development Review Committee, on the behalf of Leon County, which shall be recorded in the Clerk of the Court's records, restricting transfer and regulating the development of the property to comply with the limitations of subsection 10-7.202.9. The covenants and restrictions shall be enforceable by Leon County. The covenants and restrictions may be amended by the Board of County Commissioners, as necessary, to otherwise provide for the transfer or permitting in the case of the death or institutionalization of the originally intended heir.
10. Please be advised that, according to Florida Statute 197.192, all property taxes shall be paid prior to the final approval and recording by the Clerk of the Court in the public records of the County any proposed subdivision of land, or declaration of condominium of land. Therefore, tax receipts or other documentation from the Leon County Tax Collector's Office must be provided with this submittal to demonstrate compliance with Florida Statute 197.192. Should you have any questions regarding compliance with this Statute, please contact the Leon County Tax Collector's Office at (850) 488-4735.

**Please provide the following:**

1. A copy of the signed and sealed boundary survey which accurately depicts the subject parcel.
2. A drawing showing the proposed lot lines, the acreage of each lot, and the proposed access road/easement to each lot. For the NFI, this drawing does not have to be prepared by a surveyor. A survey drawing of the proposed lots and access easements will be required, however, for final approval of the 2.1.9 or LP subdivision.
3. Affidavit of ownership and affidavit of authorized agent. (See attachment “C” pages 5-6)
4. Cultural resource correspondence (see below).

**\* Cultural Resource Assessment.**

See the attached sheet for minimum documentation to be sent to the Florida Department of State, Bureau of Historic Preservation, Compliance Review Section for determining whether there is known or potential significant cultural resources on site. Their office is located in the R.A. Gray Building, and mailing address is 500 South Bronough Street, Tallahassee, FL 32399-0250, Telephone (850) 487-2333. Please note: the request to obtain this assessment from the State should be made as soon as possible in order to minimize processing time. A copy of the assessment letter or the results of the preliminary survey must be received prior to NFI-2.1.9./LP approval.

**\*\*Environmental permitting may be required.**

If a permit is required, the 2.1.9/LP application will be placed on hold until the permit can be issued.

An environmental permit may be required if:

- A) the site is located within a closed basin. Applicant must demonstrate that the pre vs. post volume retention will occur onsite or that offsite properties will not be adversely impacted.

An environmental permit will be required if:

- A) the subdivision creates lots less than two acres in clay soils and less than one acre in sandy soils per the “Soil Survey of Leon County.”
- B) a new roadway or ingress/egress easement is proposed that will serve three or more single family residential parcels
- C) an existing driveway is being converted to a roadway or ingress/egress easement, and a determination is made that increased pollution loadings would result
- D) the subdivision is located in the Bradfordville Study Area

An environmental permit will not be required for:

- A) an improved ingress/egress for only two lots and the impervious area is less than 3000 sq. ft. and there are no adverse impacts to adjacent properties.

Note: Please be advised that, under certain circumstances, your 2.1.9./LP Subdivision may be required to provide a stabilized/improved access roadway and/or a stormwater management facility. Such requirements may necessitate that you obtain an Environmental Management Permit.

Application is hereby made to obtain approvals and permit(s) to do the work and installations as indicated. I certify that no work or installation has commenced prior to the issuance of a permit and that all work will be performed to meet the standards of all laws regulating construction and development of land in this jurisdiction.

**Section 10-4.201 Permit requirements**

Section 10-4.201(a) of Leon County Code of Laws states:

- (a) *Environmental management permit.* Prior to engaging in any development activity, and prior to removing, damaging, or destroying any protected tree, the person proposing to engage in such activity and the owner of the land on which such activity is proposed to occur shall first apply for and obtain an environmental management permit, or a right-of-way placement permit, general permit, or silviculture permit, where appropriate pursuant to subsections(c), (d), or (e). For purpose of applying for and obtaining a permit, the term "owner" shall include the following: fee simple owner; easement holder; life tenant; tenant with a written lease specifically authorizing the tenant to secure permits; and federal, state, and local governmental entities and utilities with rights to entry, easements or other interests in real property.

**Section 10-7.107 Compliance**

Section 10-7.107(a) & (b) of Leon County Code of Laws states:

- (a) No subdivision of any lot, tract, or parcel of land shall be effected, no street, sanitary sewer, septic tank, wells, storm sewer, water main, or other facilities in connection therewith shall be laid out, constructed, opened, or dedicated for public use or travel, or the common use of occupants of buildings abutting thereon, nor site development commenced, except in strict accordance with the provisions of this article and applicable Florida Statutes.
- (b) No person, developer, applicant or any other legal entity or association shall create a subdivision of land or develop any lot within a previously approved subdivision or undertake development on a parcel anywhere in the unincorporated area of the county except in conformity with this article. No subdivision shall be platted or recorded unless such subdivision meets all the applicable county ordinances, and those of any applicable laws of the state, and has been approved in accordance with the requirements of this article.

**In order for this application to be considered complete, the applicant must sign and date this affidavit of ownership in the presence of a Notary Public.**

**Deed Restrictions and Covenants**

Prior to pursuing an environmental permit application, applicants should review any Deed Restrictions and/or Covenants which may apply to a particular site. Applicants should be aware that Deed Restrictions or Covenants are private civil issues and therefore are not enforced or reviewed by the County.

Based on this information, I hereby acknowledge that I have been advised that I should seek out and obtain information on my own to identify if there are any Deed Restrictions and/or Covenants on the use of the site associated with this permit application. \_\_\_\_\_ Owner's Initials

**Public Record Information**

Chapter 119, Florida Statutes, Section 119.07(3)(i)1., 2., and 3 exempt the public release of select information pertaining to the name, address, and phone numbers of certain public employees, e.g. law enforcement personnel, their spouses and children. Do you or your spouse fall into one of these protected categories? Yes\_\_ No \_\_. If so, do you want the exempt information that is included on this application withheld from the public, or from any official public record request? Yes \_\_ No \_\_.
